Sorry to hear about your [Redacted]. Just trying to keep things “legal”. In future if a situation comes up that requires your quick departure, you can email me to send such approval notices etc. Currently, while you are out on official leave, there is no problem with Cody sending such an email.

Again, very sorry to hear about your [Redacted]

Marie,

I rushed back from SEMO yesterday to [Redacted]
[Redacted] Tuesday. I asked Cody to send that e-mail once he was done reviewing the Rev 2 documents. I will be on LV today and tomorrow as well as Tuesday-Friday next week.

In future, all approvals, direction etc. must come from the primary COR or the CO. The Alt COR is not authorized to provide such actions UNLESS the primary COR is unavailable due to being on some type of leave (not just in a meeting, in the field or whatever). Just a heads up. If you have any questions, please shoot me an email. Thanks!

Fred,

We accept changes made to Rev. 2 of the HASP and PMP. Once I am back in the office, I will sign the signature page and send you a copy. You may finalize these two plans.

We are still awaiting your response to comments on the following documents:

1. QAPP – This document with comments and the EPA QC manager's review was sent to you on 5/17/2016.
2. QMP – This document with comments was sent to you on 5/26/2016.
3. SWPPP – This document with comments was sent to you on 5/26/2016.

Also, the necessary road agreement or agreements will need to be put in place between Coastal and the County and any other necessary groups.

Let us know if you have any questions or need any additional information.

Regards,

Cody

Frederick,

Attached are the HASP and PMP Rev 1 documents with comments. The comments were in the HASP and PMP version we sent back to you, but were not addressed in the Rev 1 version. If you have any questions let Cody or I know.
